

**Government of Andhra Pradesh**  
**Abstract**

Works – Public works Dept., Provision for petty supervision and contingencies in estimate for works – Amendment to APWD Code – Issued.

-----  
**PUBLIC WORKS (Y) DEPARTMENT**

**G.O. Ms. No. 987**

**Date. 18-7-1972.**

1. G.O. Ms. No. 1329 PWD Dt. 21-6-1963.
2. From the C.E. (MI & CI) Lr. No. RC.L1/48118/63.31/6-10-66.
3. From the A.G (AP) Lr. No. WMI/A/15-52A/66-67/761/23-12-68.
4. From the C.E. (MI&GL) Lr. No. CEL/A2/48115/63, dt. 21-22-71.

**ORDER:-**

Orders were issued in the G.O. first read above prescribing a scale for petty supervision and contingencies in the estimate for works of the P.W.D. (Irrigation Branch) and (R&B). These orders were extended to the Electricity Dept., also. The Accountant General A.P. suggested that if the orders are to be made permanent, the minimum prescribed in respect of works of the N<sup>o</sup> Sagar and Srisailem project may be kept in view while amending the APWD code. The C.E., (Major Irrigation & Genl) has proposed, with reference to a decision of the committee of C.Es that in addition to the minimum provision of 5% in the estimates costing upto Rs. 10,000/- prescribed in respect of works of the N<sup>o</sup> Sagar and Srisailem project may adopted in the P.W.D. (Irrigation branch) and (R&B) as against 4% prescribed in the G.O. first read above.

2) After careful consideration, the Government approves the proposal of the Chief Engineer (Major Irrigation & General). The following consequential amendment to para of the APWD code is issued.

Amendment

For the existing para 117 of the APWD code substitute the following.

In the estimate for works provision may be at the following rates for petty supervision and contingencies.

- |   |   |
|---|---|
| 1. Estimate upto Rs. 10,000/-               | 5%  |
| 2. Estimate from Rs.10,000/-<br>To one Lakh | 4% subject to a minimum of Rs. 500/-      |
| 3. Estimate from Rs.1 lakh to 100 lakhs     | 3% subject to a minimum of Rs. 4000/-     |
| 4. Estimate above Rs. 100 lakhs             | 2 ½ % subject to a minimum of Rs. 3 lakhs |

All incidental expenditure which can be foreseen such as compensation for or cost of land, sheds for workmen and stores should be separately provided for in the estimate. The provision for contingencies should not be diverted to any new work of repair which is not provided for in the estimate and of which the cost exceeds

Rs.1,500/- without the sanction of the Superintending Engineer vide also para 428 (c). The provision for petty supervision should in no case be diverted to meet expenditure on other items of work. A provision of 1% of the estimated cost may also be made toward handling charges in the estimates for purchase of machinery.

Note: The percentage of the provision for petty Supervision and contingencies to be provided for in working estimates should be determined with reference to the cost of the big projects of which the working estimate forms a part. The same percentage of P.S. charges as provided in the original estimate may be adopted in the revised estimate also.

3. The orders issued in the G.O. first read above are deemed to have been modified to the above extent.

4. In pursuance of the orders in para 2 of the G.O., first read above in regard to provision for unforeseen works, the following amendment to para 117-A of the APWD code also is issued.

#### AMENDMENT

For the words 75 percents occurring in the first sentence of para 117-A of the APWD code read 2 percent.

5. This order issues with the concurrence of the Finance department in their U.O. No. 1457/727/Epdp.PWD, dt. 1-5-72.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA  
PRADESH)

D.Shankaraguruswamy,  
Joint Secretary to Government.
